EXG Safaris turns a
dream into a legacy.*

Here's How It Works

"We make it simple. You make it unforgettable."

Step 1: Talk to a Safari Expert

You don't need to know where to go or when. Just tell us what matters to you.

- Want family time with no stress?
- Want to travel slow and safe?
- Want that perfect photo or romantic lodge?

We listen. We learn. We plan around you.

No overwhelm. No guessing. Just real help from real people.

Step 2: We Plan Everything

You sit back. We do it all.

- Flights and Visas?
- Safari Routes?
- Luxury Lodges?
- Private Jeep?
- Balloon Safari or Beach add-on?
- Grandma's comfort needs?

You get one clear, easy to read plan.

No fine print. No stress. Just your dream made real

Step 3: You Arrive. We Handle the Rest.

We greet you at the airport.
Your expert guide is waiting
with your private jeep.
Each day is filled with
wonder, wildlife, and care.
Each night ends with
laughter, stories, and stars.

*You feel safe. You feel seen. You feel alive.
This is your moment in the wild. And you're never alone.*

Bonus: We're Always Here
*Have a question? Want to add something?
Your U.S. and Tanzania team is with you
from hello to home.*

What You Do:

- Send us a message
- Tell us what matters
- Say “yes” when it feels right

This isn't just a safari. It's the moment everything shifts.

What We Do:

- Handle everything
- Keep it clear
- Deliver your dream

BEFORE EXG SAFARIS:

You've thought about it for years.
Maybe it started with a documentary. A
photo. A childhood dream.
You want to see the lions. You want your kids
to unplug.
You want to feel something real again.

But then come the doubts:

- "Where do I even start?"
- "Is it safe for my parents?"
- "What if I choose the wrong company?"
- "I don't want to be with strangers..."

So you wait. You scroll. You dream.
But the dream stays a dream.

DURING YOUR SAFARI WITH EXG:

Your private guide greets you at the airport with a warm smile.

Your jeep is waiting just for you.
No crowds. No rush. No strangers.

The air smells like adventure.
You hear elephants before you see them.
You look over and your child is speechless.
Your partner smiles with tears in their eyes.
You feel something shift inside.
You're not just watching nature.
You're part of it.

By night, you sit by the fire.
The stars look different here.
Your guide shares stories from the land.
You feel... safe. Seen. Small in the best way.

This is not a vacation.
This is connection.

AFTER YOU COME HOME:

You carry something more than souvenirs.
You carry pride.
You carry peace.
You carry a story no one else has.

Your kids talk about “our lion” like it’s part of the family.
Your photos are frame-worthy.
Your heart is full.
And the fear? It’s gone.

You didn’t just go to Africa.
You came home changed.

A Story You Will Tell Forever

**This is your story.
We just help you live it.**

Let us take care of the hard part.
You just say yes.

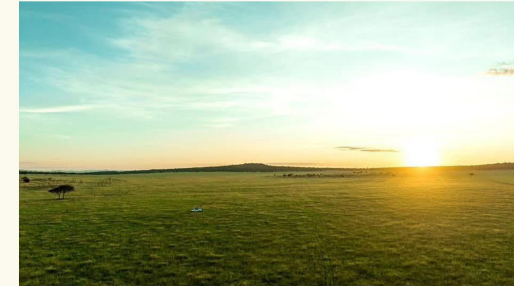

What happens if you say yes...

- You arrive at the airport. Someone's waiting for you with a warm smile.
- You ride in your own private jeep. No strangers. No stress.
- You hear lions before you see them. Your guide points quietly.
- Your family is laughing together. No phones. No distractions.
- You stay in beautiful lodges, eat amazing food, sleep well every night.
- You feel safe. You feel proud. You feel something you haven't felt in years.
- You return home with photos you'll frame... and a story you'll tell forever.

You didn't just go on Safari. You did something bold. Brave. Beautiful.
You'll never forget it. And neither will your kids. Or your parents. Or your heart.

The Cost of Wait or Choose Wrong

- You spend weeks searching online. Every site says something different.
- You don't know who to trust. Cheap tours look risky. Luxury ones look confusing.
- You book with a company that doesn't know you or care.
- You end up in a group jeep... with people you've never met.
- The lodge isn't what you expected. It's noisy. Rushed.
- You feel anxious. Tired. A little unsafe.
- You miss the migration. Or the lions. Or the special photo moment.
- You come home with photos... but no real story. No magic.

***You had one chance. But it wasn't the right fit.
And now it's just... over.***

Why This Matters:

When you see what's possible and what's at stake you make faster, more confident decisions.

Let's make sure yours is the right one.

Real Travelers. Real Results.

These stories are true. These moments are real.
The next one could be yours.

Angela B. California, USA

"My father cried watching elephants walk across the Serengeti."

He never cries. But there we were, just the two of us, watching a herd move through golden light. This trip helped us reconnect. He's 81. I'll never forget it. Ever.

Traveler Type: Senior + Multi-Gen Family Safari

Trigger: Legacy, Emotion, Healing, Bonding

James & Carla D. New York, USA

"We've done Paris, Tahiti, Tokyo, Italy... But THIS trip? It changed us."

We travel a lot. But nothing prepared us for the way Africa felt. We unplugged. We slowed down. And we fell in love with the world again.

Traveler Type: Affluent Couple / Return Travelers

Trigger: Contrast, Prestige, Awe, Simplicity

Rafael K. Austin, TX

"As a photographer, I've never had access like this. Unreal."

My guide knew the exact time the cheetahs would move. I got portfolio shots on day two. Sunrise. Dust. Eyes locked. Boom.

Traveler Type: Photographer / Solo Traveler

Trigger: Expertise, Anticipation, Achievement

Lorraine M. Sarasota, FL

"I'm 78. I never felt scared. I felt spoiled."

They made everything easy. My bags were handled. My bed was soft. My guide walked slow with me when I needed it. I've never felt so well cared for on a trip.

Traveler Type: Senior / Safety-Oriented

Trigger: Comfort, Safety, Personal Attention

The Moore Family Denver, CO

"Our kids stopped asking for iPads. They started asking questions."

We wanted a family reset. We got more than that. We got eye contact. Curiosity. Laughter. And memories that pulled us closer.

Traveler Type: Families with Kids (6-16 yrs)

Trigger: Belonging, Disconnection Recovery, Legacy

Why This Works:

When travelers hear stories from people like them, they trust more. They picture themselves in the jeep. By the fire. Under the stars.
